Mr. Erickson,

Your request for records under the FOIA will exceed the \$25.000 fee limit and may exceed \$100.00 for search fees. Also, proving the address including city and state for each site will be helpful to process this request. If you know or believe EPA has records that you are seeking, give as much information as you can about the records.

You may want to review the following EPA website which may help you clarify your request.

<http://www.epa.gov/enviro/facts/multisystem.html>

Please confirm the addresses for the ERN sites. I am providing you the National Response Center website to help you clarify your request.
